WARLIKE

Is the Outlook in the Transvaal Country?

English Feeling is that Dispute has Reached Its Final Stage.

LONDON, August 29.—The feeling here is general that the Transvaal dispute has reached its final stage. Matters must change immediately for better or worse will be war. Advice from Cape Town say British troops are being sent to await developments. The tension at Cape Town is extreme. Although Orange Free State announced it will maintain strict neutrality in event of hostilities between England and Transvaal, the increased importation of arms for that country excites suspicion. The opinion is freely expressed that any war will be a race war involving all South Africa.

M'LEAN'S CROWD.

Only Political Miracle Will Bring About Cincinnati's Defeat.

ZANESVILLE, O., August 29.—Every hour adds a new sensation to the gathering here of Democrats to attend the state convention which opens tomorrow. Chas. Blakely's appearance in the race for governor causes much speculation and surprise. Some profess to believe he is merely a stalking horse for McLean. McLean's defeat can only be regarded as a political miracle. The delegates are pouring in by train loads today. The convention promises to be the biggest in the history of the state.

SQUEAL PREDICTED.

Mercier and Gang Propose to Tell Whose Orders They are Following.

PARIS, Aug. 29.—The Petit Bleu today says Mercier, Dumas and Roget intend soon to disclose they have been acting throughout the Dreyfus affair under orders from Gen. Haladoff and Sissard.

RICH STRIKE.

VICTORIA, B. C., Aug. 29.—On the Gordon river, which has its outlet on the west coast of Vancouver Island, and 12 miles from salt water, a ledge is said to have just been discovered 40 feet in width, carrying galena from wall to wall, most of it solid, and all the ore streaked with it, one assay made showed the ore to be 6 per cent lead, besides carrying 113 ounces in silver and \$13,000,000 in gold to the ton.

WATSON IS ILL.

WASHINGTON, August 29.—Recent letters from Manila mention the illness of Admiral Watson as the source of great anxiety to his officers. It is the effect of an accident which occurred to the launch while he was on board the Baltimore July 11. No one but his physician is allowed access to him, and all business of the Diet is forbidden.

PEACE IS AT HAND.

DARIEN, Ga., August 29.—Another member of the Delegat family surrendered this morning. A circular from the negro leaders to the negroes is having good effect. Sixty rioters so far have been jailed, and others are surrenderring.

SICK TO BE RELEASED.

MADRID, Spain, Aug. 29.—The Red Cross society here in receipt of advice from Manila to effect that Aguinaldo has agreed to release all the sick Spanish prisoners.

OUT AT SEA.

CAPE MAY, N. J., August 29.—The battleship Alabama, which put to sea this morning for the hullers trial trip, is expected to return tomorrow or Thursday.

RESTING IN OHIO.

EAST LIVERPOOL, O., August 29.—The president and Mrs. McKinley are enjoying a quiet day with friends. A public reception occurs this evening.

DREYFUS DAY

The Evidence was Greatly in Favor of the Accused.

Mercier Back Tracks, Which Fact is a Great Surprise—Several Sensations Today.

HENNESS, France, Aug. 29.—This was another good day for Lieut. Col. Gorder, retired, who was a member of the intelligence bureau at the time Dreyfus was there, occupied most of the time of the court-martial, his testimony being strongly in favor of Dreyfus. Ex-minister of War Dreyfus then also testified regarding the foreign syndicate reported as formed to fight for Dreyfus' freedom. He admitted frankly he had no basis for the statement. Gorder stated that at first he believed Dreyfus was guilty, but later became sure there was no proof as to the guilt of the accused.

Labord read a telegram from a man named Pages, a friend of Sissard, denying that Mathieu Dreyfus had attempted to bribe him, Sissard.

Roget here confronted Gorder, saying: "What part of my deposition are you pleased to designate as false?" Gorder replied: "All of it is false." "Were you not an anti-Semitic in 1894?" asked Roget. "Yes," replied Gorder, "and I still object to having Jews in the army, but not enough to bring false evidence against one of them who is accused of treason." This direct thrust at Roget created a great sensation.

Mercier then took the stand, and to the surprise of every one, supported Gorder in some of his statements. He said: "I am a good man, and I have been doing my best to do what is right." Dreyfus then testified regarding the syndicate to free Dreyfus, admitting that he had no basis for the statement made to Mercier.

Court adjourned after the testimony of a few minor witnesses was heard.

DEATH OF MISS RENEAU.

She Dies at the Home of Her Sister, Mrs. S. H. Clark.

Miss Corinne D. Renau, a lady well known in the city, died last night at 11:05 o'clock at the residence of her brother-in-law, Mr. S. H. Clark, in the thirty-seventh year of her age. Miss Renau was born in Albany, Ky., and came here with members of her family in early life. Mr. Clark养着 his sister and her children, became her foster father and his home was her all her life. She was the last but two of five sisters and two brothers, the latter being Mr. Will Renau, for many years being a merchant of the city, and Mr. Young Renau, a grocer. The two living sisters are Mrs. Clark and Mrs. Lee A. Olson, of Mason county, Ky.

Miss Renau was a member of the Episcopal church and her remains will be buried therefrom tomorrow afternoon at 3 o'clock. The burial will be at Oak Grove cemetery. It is probable that her relatives will be communicated with, and they may send for her.

The man says the last thing he remembers was floating down the Ohio river in a John boat. He does not remember coming to Paducah at all.

THORITE

The New High Explosive, Recommended by the Army Board.

WASHINGTON, Aug. 29.—So satisfactory have been the results of experiments made with thorite, the new high explosive, that will be recommended by the board of ordnance for use in the Philippine campaign. Up to this time it has successfully undergone the various trials to which it has been subjected. Two-inch shells loaded with the explosive were fired through a five inch plate and failed to explode, breaking the steel walls of the shell into small particles.

SPAIN STIRRED UP.

Over Publication of Document Relative to Portugal Annexing That Country.

MADRID, Spain, Aug. 29.—A document written by an aid to the king of Portugal advising an alliance with England to enable Portugal to annex Spain, has been made public. The case has caused a great stir throughout the country.

RAILROAD ACCIDENTS.

OTTUMWA, Iowa, Aug. 29.—A Rock Island passenger train jumped the track near here this morning and rolled down an embankment. Eight are reported injured.

MANHATTAN, Kas., Aug. 29.—An east bound passenger on the Rock Island crashed into a freight train near Kegs this morning. The locomotive and several coaches were almost demolished. Two trainmen and five passengers were seriously injured.

PARK DANCE.

The regular Tuesday night dance will come off at the park tonight. As the nights are cooler it makes dancing not a task but a pleasure. Come one, come all, and trip the light fantastic toe.

Forest fires are working great destruction in the country south of Denver.

SEWER FORCE.

There Were But Eight or Ten at Work This Morning.

When work began this morning on the sewerage, the last of which is being constructed on South Third street, there were only nine duggers to work. This is almost as small as the number yesterday, and the work has been so delayed that Mr. Engineer Wilson was not right authorized by the council to employ additional men and charge the same to the contractor and will do so this afternoon if the workmen can be found.

Superintendent Erler is reported sick at his home in Terre Haute, and Superintendent McNichols has been in Chicago for the past week. The sewerage would have been finished a ready had it not been for the delays occasioned by the failure of the contractors to find men.

HARD NUT

The Authorities Do Not Know What to Do.

Rock Island His Home Has Not Been There For Months.

The city authorities do not know what to do with a denuded man now at the city hospital. He has been there for several days, and has been rationed but few times since he came. He was found on the city hospital steps by City Physician Rivers nearly dead, and as an act of humanity, sent to the city hospital, to prevent death overtaking him, where he lay helpless when found.

At first he could tell nothing about himself, but as he gradually improved under skillful treatment and proper nourishment he began to display signs of returning reason, and then claimed that he was like Cohen, of Brooklyn. This was learned to be a mistake, and it was not until yesterday that Dr. Rivers succeeded in getting his story.

The man's name is Henry Reticker, and he has come up to last February, was at Rock Island, Ill., where he has a wife and child. He lives at 146 York street, and last February went to Cincinnati to look after the body of a brother who was drowned. He found the body and gave it a decent burial, and then proceeded to get drunk. That is the last thing he remembers distinctly. He has been wandering about ever since February, stark mad, and does not know where he has been nor what he has been doing. He has a brother, Dr. J. M. Reticker, of Quincy, Ill.

The authorities do not know what to do with him. He is crazy still, and is not safe to turn loose on the community. He has been in the city hospital as long as the law allows, and County Judge Tully will not admit him to the poor house, because he is not a resident of the county. He cannot be sent to the asylum for the same reason. It is probable that his relatives will be communicated with, and they may send for him.

The man says the last thing he remembers was floating down the Ohio river in a John boat. He does not remember coming to Paducah at all.

AT THE PARK.

The New High Explosive, Recommended by the Army Board.

WASHINGTON, Aug. 29.—So satisfactory have been the results of experiments made with thorite, the new high explosive, that will be recommended by the board of ordnance for use in the Philippine campaign. Up to this time it has successfully undergone the various trials to which it has been subjected. Two-inch shells loaded with the explosive were fired through a five inch plate and failed to explode, breaking the steel walls of the shell into small particles.

BREACH OF ORDINANCE.

Several Warrants Issued This Morning by Judge Sanders.

Judge Sanders this morning issued seven warrants against one Charles for failing to procure a license to do business, and for failing to take out the necessary license to run the wagons. The cases will be tried as soon as the warrants are served.

ENTERTAINMENT.

The Knights and Ladies of the Golden Cross, Hope and Banner members, will on Thursday night, at their hall in the Campbell building, give an entertainment consisting of music, recitations and refreshments, with an excellent program. A large number of invitations have been sent out, and a pleasant time is promised.

NEW POLES UNLOADED.

The regular Tuesday night dance will come off at the park tonight. As the nights are cooler it makes dancing not a task but a pleasure. Come one, come all, and trip the light fantastic toe.

Forest fires are working great destruction in the country south of Denver.

ALMOST BLOODSHED

Tom Ward Attempted to Shoot W. C. Waggoner.

Great Excitement at Princeton—Special Agent Taylor Takes a Hand.

The passengers of the fast mail which arrived here yesterday afternoon were horrified just as the train pulled out of the station at Princeton, to see two men fighting. One of the men had a pistol, and shot at the other, and as the train passed out of sight, they were still fighting, with uncertain results.

The men proved to be W. C. Waggoner, a brige man of the I. C., and Tom Ward, who formerly occupied the same position. Waggoner runs the company's pile driver, and is well known in Paducah. It appears he superseded Ward, and this incurred his everlasting displeasure. Tom blood has existed for some time before yesterday, and from reports, Ward claimed he left an anger in a work car when he turned over everything to Waggoner, and the latter did not. They had words near the depot yesterday, and Waggoner started to leave. He changed to look around and saw Ward with a pistol pointed at him. He dodged and at the same time the weapon was discharged, and the powder burned his coat, but the bullet missed. He seized the hand that held the pistol, and it was taken from Ward by a bystander. Waggoner was cool and collected and told them to let Ward go. The latter continued to abuse him, however, until Waggoner finally struck at him, and had to hit him would doubtless have made him feel somewhat indisposed for a while.

This ended hostilities for awhile, but last night Ward got on another rampage, and met Special Agent Taylor, the I. C. He gave the official some insolence, and was promptly knocked down and to a considerable extent cured of his attack of pugnacity. At least accounts he was quite willing to be good. What the special agent gave him will hold him for a while.

ELKS' EXCURSION.

There were about two hundred excursionists aboard the Jo Power this morning when she pulled out for Cairo with the Elks. It was one of the most select crowds seen on a Cairo excursion in some time, and the good weather made everybody appear in excellent spirits. There was a good band aboard and the boat officers spared nothing to make it one of the most pleasant trips of the year. The crowd was larger than anticipated, not many being expected on account of the number of excursions that have already been run this year, and the fact that it was a week day.

REMOVING BOWLDERS.

This afternoon at 4 o'clock the mayor and council will go out on a tour of inspection of the streets on which the gravel furnished under the present contract has been used. There has been a general complaint of the gravel ever since it has been used. This morning the city had men at work on Broadway removing or covering up the huge boulders found in places. A great deal of interest is being taken in the result of the inspection.

AT THE PARK.

A fair crowd was out to the park last night to witness the first production of the western comedy drama "Claim 76." This play is taken from real life in a western mining camp. It is full of fun and romance. The last act takes place in an eastern boarding school where a couple of the hardy old miners come to see their little friend Triss. It is a play any one can enjoy.

OAK GROVE IMPROVEMENTS

The house in Oak Grove will be removed to the outside of the cemetery as soon as the contract for doing the work can be let. This will be let in a short time, and the work will be finished by winter, if not sooner. City Engineer Wilcox estimates that the city will then have \$20,000 worth of gravel lots to dispose of.

BAKEMAN HURT.

Jake Walker, a colored brakeman on the Illinois Central, was brought to the city from Memphis division this afternoon at 2:30 o'clock and taken to the I. C. hospital with his legs badly crushed. He was hurt to day while coupling cars. Amputation may be necessary.

NO POLICE COURT.

Most of the saloon keepers, in response to the mayor's notice, have affixed the 50-cent revenue stamp to their bonds, as required by law, and neglected last year. The few who have failed will have to come up at once or be prosecuted.

DEPUTY HARLAN IN CHARGE

MAY AND DECEMBER,

George Jackson, the well-known fiddler, yesterday afternoon entered his third matrimonial venture, the partner he then selected being Mrs. Jane Jones, who was a widow. Judge Tully, at the county court house, performed the ceremony.

SHOT HIS WIFE.

EVANSVILLE, Ind., Aug. 29.—Sunday night Edward Rhoton, young man, met his wife, who shot him for divorce last week and has since refused to live with him. He begged her to return home. She refused, and he shot her three times. The woman is dying. Rhoton was arrested. The couple have one child.

HURRAH FOR MUNDI.

Philippine Chief Joins the Americans and Wins a Victory

MANILA, Aug. 29.—A report received here from Cebu says Dato Mandi, with his tribesmen, has taken the warpath against the insurgents, who are holding Zamboanga, and has given them a warm battle. Mandi welcomed Gen. Bates, saying he was anxious to become an American citizen, and asked permission to fight the insurgents. He was given an American flag.

Under Spanish he supervised the Moros of the entire southwest peninsula of the Mindanao Island.

He visited Gen. Bates to Zambanga, when he requested permission to drive out the insurgents, but was told that troops would be sent to Zambanga soon.

Dato Mandi is an able man, educated abroad and thoroughly loyal to American interests.

FALSE STATEMENTS

How the Goebel Men are Attempting to Fool the People.

Congressman Wheeler's Wholesale Prevarication Exposed:

The Louisville Post of Saturday attacks Congressman Wheeler for some of the things he has been telling the people of Kentucky in his speeches for Goebel, and if all the Goebel speakers have adopted the same tactics as Congressman Wheeler it is evident that they have resorted to a campaign of misfiring in order to try to win the race.

The Post quotes Mr. Wheeler verbatim as follows:

"They have been changing books once or twice a year. They won't allow you to use the same books like you last, and if a man has a growing family, like I have—increasing all the time—he feels the weight pretty heavy. I have a little bit six years old, and it took \$2.80 to start it to school, and she couldn't speak English, and they change those books every twelve months."

In the first place the books are not changed once or twice a year, and in the second there is nothing to prevent one from using the same books the

year as last except where one has been advanced a grade, which naturally necessitates new books.

Mr. Wheeler's little lot who started to school and cost him \$2.80 by so doing, had to have the following books. The Sun has taken the pains to find out:

First reader, 25c.
Second reader, 12c.
Drawing book, 20c.
Music primer, 30c.

Total amount, \$1.19.

The above 30-cent book is good for use another year and the old ones are good for other 'coming on' children when they get into school.

Since it is seen that the little lot didn't cost him any such thing as he claimed in his speech, unless he charged clothing, street car fare, and such things in to make the amount larger. His little lot, The Sun learns, made two grades last year, and the total cost of books for both grades was only \$1.19, instead of \$2.80 for both grades.

When the school book bill was before the legislature, the Paducah board of education passed a resolution condemning it, and sent a delegation to Frankfort to protest against it. Mr. C. C. Rose, a member of the Democratic committee, and Superintendent McBroom were on the committee. The action of the state convention will not hardly change their opinions—make them think they were fools all along.

"Gentlemen, there is something more I shall read to you one sentence at a time."

A CREDITABLE CAMPAIGN.

Louisville Commercial: "Citizens of Kentucky who are proud of their state and the opinion entertained of it and its people by voters of other states will applaud and respect.

Atto: General Taylor and Mr. John Marshall, the standard bearers of the Republican party in Kentucky, for the character of campaign they have made during the first week of the great contest. Since last Tuesday they have made speeches in four counties to immense crowds. Ignoring the disgraceful flings and personal abuse of some Democratic orators, they have yet to indulge in one sentence of vilification or to depict one iota from the high plain on which they pitched their campaign at the London inauguration. Like honest, frank, plain men of business they have refused to indulge in plays to the galleries or to resort to subterfuges, but on the contrary have shot for the bull's eye and placed the Goebel election fall in the role of defendant before a jury composed of the citizens of Kentucky. Blow after blow dealt straight from the shoulder were aimed at the measure that practically disfranchises the people of this state and the root of the evil was exposed to public inspection. The issues on which the Republican party in making its campaign were stated in terms for the laymen to understand and consider and the audiences were told that the Republican candidates did not want the votes of those who were not hostile to the Goebel bill. In fact, so many, candid and refined was last week's canvass of St. Louis, Taylor and Marshall that the people like this sample of the kind of warfare they wage are apt to be whetting their appetites for more."

The democratic talk of either Goebel or Brown quitting the race is a waste of time. Goebel and his gang didn't steal the Louisville nomination to give it up and they are not going to do so. It is with them or party defeat.

ATTRACTION: BLACKBURN.

Louisville Commercial: Goebel must have an attraction for his speeches. For that reason he always sends Mr. Joseph Clay Stiles to be the front for his war horse, entitled, "The Subjugation of the South, or the Yankees are Coming." Last Captain Blackburn is a success in his way. He makes an able and delightful political clown. The people, however, are getting mighty tired of Joe and his ways. They are onto the free silver senator's stale jokes and demand that he pull another senator's nose; show the white feather confronted by a Texas congressman or write a new speech.

TAYLOR'S ALARM

Warning Keynote Sounded to

GUR VERY LIBERTY IN DANGER

INFAMY OF GOEBEL'S LAW

Searchlight Thrown Upon the Bill
Our Gallant Standard-Bearer.

REPUBLICANS MUST RISE AND STRIKE

State Finances, the Notorious Chin
Schoolbook and McChord Bill, the
Odious Election Law and Other
State Measures of Mighty Moment
Ably Discussed and Clearly Defined
at the Formal and Auspicious Open-
ing at London of the Kentucky Re-
publican Campaign.

Attorney General W. S. Taylor, was
intended as a tax man, the marching
west, the march of progress, the
state of Kentucky.

"This," said General Taylor, "was
intended as a tax man, the marching
west, the march of progress, the
state of Kentucky."

After giving an account of the
various work of the present legislature,

including its creation of more than 300
offices in state and county whose sal-
aries are to be paid by the taxpayers,

General Taylor said:

The present legislature passed what is
known as the McChord bill, which, for
the use of the Republicans, would have
become a law if it had been introduced
in the state of Kentucky, and passing it
would have been a menace alike to the
people and the railroads. Within the
possibilities of such a law lie two grave
evils, alternative in their nature either
the great combination of railroads and
the state, or a system of extortion fixed
on the people.

It has been said in the arguments
for the bill that the railroads, the state
and the people will be better off, True,
but such a law was delegated to a
commission: neither the owners of
such properties, nor the public would
have been willing to give up their
constitutional authority to such arbitrary
powers as were given to the bill.
